Note: Ben also has other collector CD's such as the 5 part history of CPMG and his 9 CD set containing all continuous Japanese radio ID jingles Ben has produced over the past 40 years. Ask Ben for a quote on these CD's which also may be included to make the ultimate Super Saver radio ID jingle collector's offer. Yes, Ben started as a jingle collector at age 9, started a pirate station at age 12, became a producer at 13, and bam! The American Dream!
